

# Permit Checklist

## Culverts

The ACC ***will not*** consider your application unless all of the below are completed and included in your application. Please read and complete all of the items in the package. Be sure that the completed application package is received by the CCPOA Office at least 72 hours prior to the ACC meeting.

- Completed, signed Construction Application Permit
- A scaled drawing showing property lines, easements, improvements, and the location(s) of the proposed culvert(s)
- Materials; specifications and details
- Selection of one of the approved end cap styles
- Signed, dated Culvert Requirement form
- Permit Fee
