

Permit Checklist

Concrete Slabs and Walkways

The ACC ***will not*** consider your application unless all of the below are completed and included in your application. Please read and complete all of the items in the package. Be sure that the completed application package is received by the CCPOA Office at least 72 hours prior to the ACC meeting.

- Completed, signed Construction Application Permit form
- Slabs only - Stamped survey plat showing property lines, easements, improvements, and the location of the proposed slab
- Walkways only - A scaled drawing showing property lines, easements, improvements, and the location of the proposed walkway
- One copy of any construction plans
- Materials; specifications and details
- New OSSF if slab encroaches on septic spray field, drip area, or drain field.
- Signed, dated Concrete Slabs and Walkways Requirements form
- Permit Fee
