

Permit Checklist

In-Ground Irrigation Systems

The ACC ***will not*** consider your application unless all of the below are completed and included in your application. Please read and complete all of the items in the package. Be sure that the completed application package is received by the CCPOA Office at least 72 hours prior to the ACC meeting.

- Completed, signed Construction Application Permit form
- A scaled drawing showing property lines, easements, improvements, and the location of the proposed irrigation system
- Any additional information required in the In-Ground Irrigation System Requirements form
- Signed, dated In-Ground Irrigation System Requirements form
- Permit Fee, if any
